

MINTONETTE SPORTS

MATCH DAY HYDRATION.

Mintonette's own electrolyte sticks for the team bag and spirit-wear shop.

ORANGE FORMULA / PER STICK / FINAL LABEL PENDING

15 sticks	0 g	230 mg	360 mg
PER POUCH	SUGAR	SODIUM	POTASSIUM

The club program

Supply teams for tournament weekends. Offer the same club-branded pouches beside practice shirts so families can restock throughout the season.

The wholesale model

ICHOR coordinates packaging and production. You buy at wholesale, choose your retail price and sell through your approved channels.

Choose an opening flavor

Explore Orange and Raspberry options for your first Mintonette pouch. Each pouch holds 15 sticks of a single flavor.

Plan the first order

Decide how many pouches to put in the shop and how many to use with teams. ICHOR will confirm the wholesale price and production timing for approval.

Where would you put the first Mintonette pouches: in players' team bags or in the spirit-wear shop?
